

Exploring the wilderness within...

Pioneer Recovery Center is a caring supportive residential Rule 31 licensed chemical dependency treatment center for women. Our setting can be described as calm, quiet, and home-like. We have no more than ten women at a time, each woman has her own room. We are located deep in the heart of the beautiful Northwood's.

At Pioneer Recovery Center, women will experience and learn to overcome the challenges of recovery within an atmosphere of compassion, dignity and respect.

It is the truth we ourselves speak rather than the treatment we receive that heals us.

O. Hobart Mowrer

- First, foremost and always, clients will be treated with respect, dignity and understanding.
- We teach and promote client accountability, responsibility and honesty.
- We respect and treat clients as individuals and refrain from any categorical classifications, assumptions or actions.
- We provide client focused treatment, respecting their choices, concerns and individual needs and expectations for their own treatment.
- Clients experiencing co-occurring addiction and psychiatric disorders are the expectation, not the exception.
- By focusing on each woman's strengths, we use a customized treatment program that addresses the physical, emotional, spiritual, and mental health issues of every woman.
- We consistently educate ourselves, becoming skilled in the application of leading edge treatment modalities, never relying on historical methods as being totally adequate.

All rooms are single occupancy

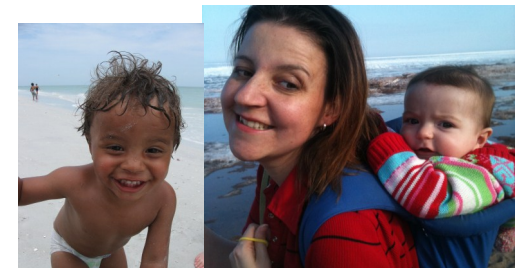

Artwork by Jane Evershed adorns the walls

We believe in honoring where each individual woman comes from and respect the context of her life experiences.

Pioneer Recovery Center utilizes three primary theories; Addiction Theory, Cultural Relational Theory of Psychological Development (Stone Center Model), and Trauma Theory. Please view our website for more information on these.

Pioneer Recovery Center is female owned, operated, and supervised in a solution focused non-authoritarian fashion.

Healthy Moms = Healthy Babies!

Experience Thoughtfulness..... Ethics.....Intelligence..... Diligence..... Compassion..... Perspective

Our Mission

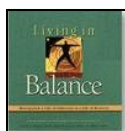

By challenging and inspiring women to awaken within themselves a desire and commitment to change, she can build the foundation necessary to begin the journey of self-recovery.

Our Location

Pioneer Recovery Center does provide transportation.

Pioneer Recovery Center is located in southern rural Aurora, Minnesota; on Loon Lake Road and County Road 37. We are approximately fifty miles north of Duluth, MN and approximately twenty-two miles southeast of Virginia, MN. We are amongst the pines and lakes where deer play and loons sing songs for contemplation. A special healing Northwood's experience.

We have been using the Living in Balance Curriculum, the Connections Shame Resilience Curriculum, and also A Woman's Way Through the Twelve Steps from Hazelden. And now the Seeking Safety curriculum from Lisa Najavits.
